

A leading supplier of Custom Procedure Trays, Medical Packs and Single Use Instruments, Rocialle is focussed on helping healthcare providers improve efficiency and control infection.

## Custom Procedure Trays

Contain everything required by the surgical team in order to perform a certain procedure.

- ▶ Reducing the likelihood of SSI
- ▶ Reducing time spent gathering and opening items
- ▶ Reducing ordering administration
- ▶ Simplifying stock management
- ▶ Reducing waste

Procedure Trays can be supplied for any procedure: Anaesthetic, Cardiac, ENT, General Surgery, Gynaecology, Maxillofacial, Dental/Oral, Neurology, Obstetric, Ophthalmic, Orthopaedic, Plastics, Radiology, Urology, Vascular...

## Single Use Surgical Instruments

High quality instruments provide a safe and cost effective alternative to reusable.

- ▶ Supplied sterile and ready to use
- ▶ Sterilised and packed in the UK
- ▶ Clearly marked as single use
- ▶ CE marked
- ▶ Provided individually wrapped or, together with supplementary items, in procedure specific sets

For General Surgery, Podiatry, ENT, Dental, Gynaecology, Vascular, Ophthalmic...

## Medical Packs

Procedure specific packs for a wide range of clinical procedures.

- ▶ Control infection
- ▶ Ensure everything is to hand
- ▶ Simplify administration

For Cannulation, Catheterisation, Woundcare, Dressing, Examination...

## Supplementary Items

Including:

Polyware

Scissors

Swabs

Dressing Towels

Pulp

Bandages and Stockinettes

## UK facilities

At its UK site, one of Europe's largest medical clean rooms and on-site sterilisation enable Rocialle to be flexible and responsive in meeting customer requirements.
